Ten Years Ago (August 2002)

University Holds Official Groundbreaking for Braithwaite Facility

The innovative two-story classroom and research building was funded in part by a generous \$2.5 million grant from the late Mrs. Jacqueline Braithwaite, who also contributed to the Braithwaite Recital Hall, Braithwaite Gardens, and the Braithwaite Performing Arts Series.

The facility was designated as the home of the College of Nursing and Health Sciences, which had previously been forced to turn away applicants due to limited classroom space. The building's construction allowed UT Tyler's nursing school to double its enrollment.
